BOOK SYNOPSIS

The first book from the acclaimed Atlanta interior designer, known for elegantly collected interiors. Beth Webb believes that regardless of who we are or what kind of style we prefer, beauty and comfort are paramount for any home. Because each room is an environment, her design elevates the everyday by speaking to the five senses. In this lavishly illustrated book, Webb explores the fundamentals of creating a home in which every element we see and touch, and how the room makes us feel, enhance our ability to live well. Drawing from her background in the fine arts, Webb offers insight into how form, line, and scale render a space timeless and promote a sense of well-being. There should be texture, calm colors, and plenty of visual moments to keep the eye moving. There should be impeccable tailoring and polished details. And most important, there should be soul, meaning that the house must reflect its owners and their evolving lifestyle. Webb gracefully shares ideas, images, and stories illustrating these principles throughout this rich visual resource and design reference.
